COUNTY SCHOOL DISTRICT

COVID-19 Safety Precautionary Requirements for Fans

December 1, 2020

Greetings Orangeburg County and South Carolina High School League Fans:

Your health and safety are top priorities for us. In an effort to help prevent the spread of COVID-19, all fans and spectators are required to wear face coverings and remain socially distant at 6 feet apart. Your cooperation gives us the opportunity to continue our sports season utilizing guidelines and protocols provided by the CDC, the South Carolina High School League, and the department of student services. Please honor the number of individuals allowed in restrooms at a time, and if you have children, make sure they are supervised. For your safety, you are required to remain in the stands when not visiting the concession stands.

When leaving the game, you are asked to leave the campus immediately so cleaning and sanitizing can take place by our custodial team. Remember to always wear your face coverings when departing, practice social distancing, and drive safely.

Thank you and enjoy the game!

Sincerely,

The District Athletic Department
